

OPERATOR'S MANUAL

INCLUDE OPERATOR'S MANUAL: 66605X-X (1/2" Diaphragm Pump)

650764

RELEASED: 1-3-94
REVISED: 1-24-97
(REV. B)

650764 1/2" DIAPHRAGM PUMP (WITH POLYPROPYLENE FLUID SECTION)

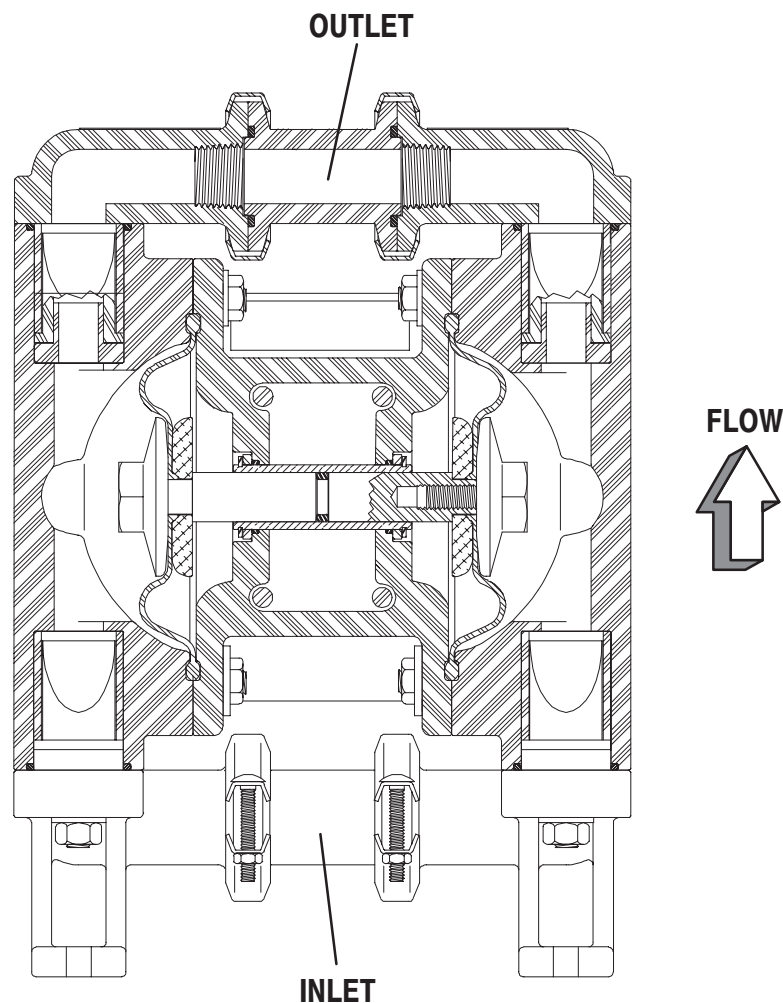

Model 650764 is similar to a Model 666053-0D2 Diaphragm Pump, therefore a 66605X-X Operator's Manual should be used for General Information, Installation, Operation, and Maintenance. This pump uses Duckbill style checks.

USE SERVICE KITS:

(650764) 637141 for Air Section

(666053-0D2) 637140-D2 for Fluid Section

INSTALLATION NOTE: This pump has the inlet on the bottom and outlet on the top, a shortened pilot rod, and a different muffler and cover. It also includes a 92818 Needle Valve (not shown).
